Belgrade, 21 September 2015

ACKNOWLEDGEMENT

Dear Sir/Madam,

On behalf of the Kayak Federation of Serbia undersigned, Mirko Nišović hereby would like to extent our acknowledge to

Mr. and Mrs. Kalman Hody

for the excellent work they have been doing for kayak and canoeing for many decades.

I am convinced that the innovatively planned and constructed boats have played an important factor in the worldwide successful Hungarian canoeing and kayak!

Boats produced by Hody are well known in the canoeing family in Europe and other continents. Many successful young athletes gained medals in paddling *Hody boats*.

We can especially be grateful that your product, the MK4 kayak (“mini kayak four”) will officially become part of the Serbian contest system, which will further enable to make the sport of kayak in Serbia more colourful and popular.

I would like to use this opportunity to express my personal thanks and the hearty appreciation of the Kayak Federation of Serbia for the Hody family’s dedication for kayak and canoe making for Serbian and other athletes worldwide.

Yours Sincerely,

Mirko Nišović
president
